Toronto, June 14, 2017 – Armstrong Fluid Technology has announced a new address for its Shanghai office, which will now serve as both a Regional Sales Excellence Center and headquarters for the company’s operations in China and Asia Pacific.

“Our new location and expanded role in Shanghai will allow Armstrong to collaborate more effectively with local engineers and help building managers provide their tenants with more comfortable and energy efficient environments.” said Boyd Tan, Armstrong Commercial Director – Asia, Country Leader – China.

Tan added that the larger office space will also accommodate future growth.

The new address and contact information is:

**Armstrong Fluid Handling Asian Operations
Unit 903, 888 North Sichuan Rd.
Hongkou District, Shanghai – China 200085
T: +86 (0)21 5237 0909**

About Armstrong Fluid Technology

Armstrong is a leading manufacturer of high-efficiency HVAC and fluid handling systems for commercial, industrial, and residential applications. Established in 1934, Armstrong has continued to expand, now providing innovative technology in 50 countries from 9 manufacturing facilities through regional offices in North America, South America, China, India and the UK; as well as representatives and agents worldwide. Armstrong products are known for intelligent control, efficiency, unique installation approaches, ease of maintenance and reliability. www.armstrongfluidtechnology.com
